A SCIENCE FICTION TRILOGY:

1. **Evolution**, 2. **Tribulations**, 3. **Revelations**. Three different alien civilizations at strife in a solar system about to go nova. They have no choice but to come together to survive. This resonates as an allegory for human civilization.

There are four others: **Glossary of Poems**; **Encyclopedia Library e-book**; **One Day In The Life**; **Biological Key**; **A Lyrical Biography and Essays & A Gastronomic Vacation** these were printed on line through Amazon.com. **Tales Clouded in Mystery. (Once upon a Time)** printed by Volumes of Waterloo – should be available by end of October 2017.
