

## Pipette Reservoirs

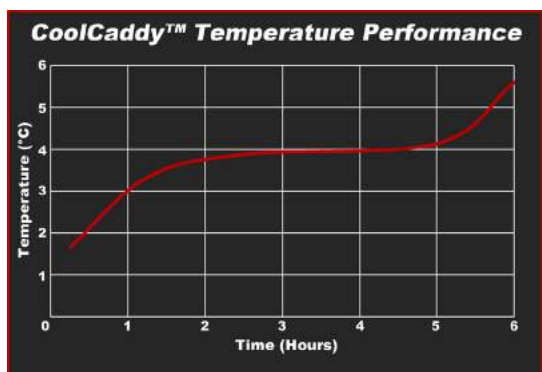

- ✓ Rigid Polystyrene
- ✓ Molded Graduations
- ✓ Tapered "V Bottoms
- ✓ Pouring Spouts
- ✓ No-Stick Stacking Design

Diamed's multi-channel solution reservoirs are designed for use with all multichannel pipettes. To facilitate easy, dripless pour-off of unused reagents and solutions, all versions have indented "spouts" in each corner. Bottoms are formed with a sharply tapered "V" shape to minimize waste and reagent consumption.

Packaging	Qty.	10ml	25ml	50ml	50ml Divided	100ml
